Spirit level with bottle opener

Spirit level made of bamboo with a built-in bottle opener. A very handy work tool for any handyman. Make sure your DIY projects are perfectly level. When the work is done, you can reward yourself with a fresh drink you can open with the bottle opener. Bamboo is a natural product, there may be slight variations in color and size per item, which may affect the final decoration result.

Dimensions 15x4.5x2 cm.

Beer hammer

Hammer with bottle opener made of carbon steel.
Handle made of TPR thermoplastic rubber.

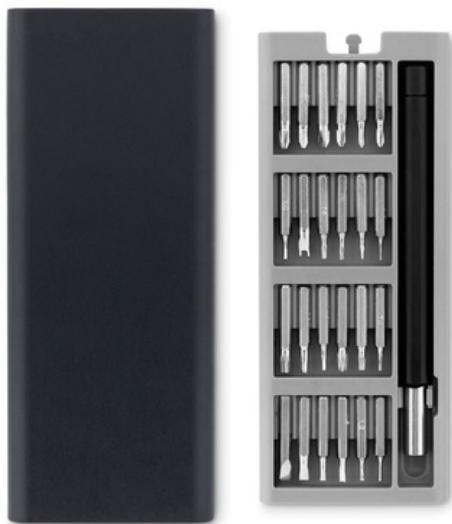

Longlife pencil

Durable bamboo pencil that replaces the traditional pencil. This pencil has a graphite tip with a writing length up to about 20,000 meters. It writes like a traditional pencil and can be erased. The tip does not need to be sharpened and wears down very slowly making the pencil last up to 100 times longer than a traditional pencil.

Precision toolkit

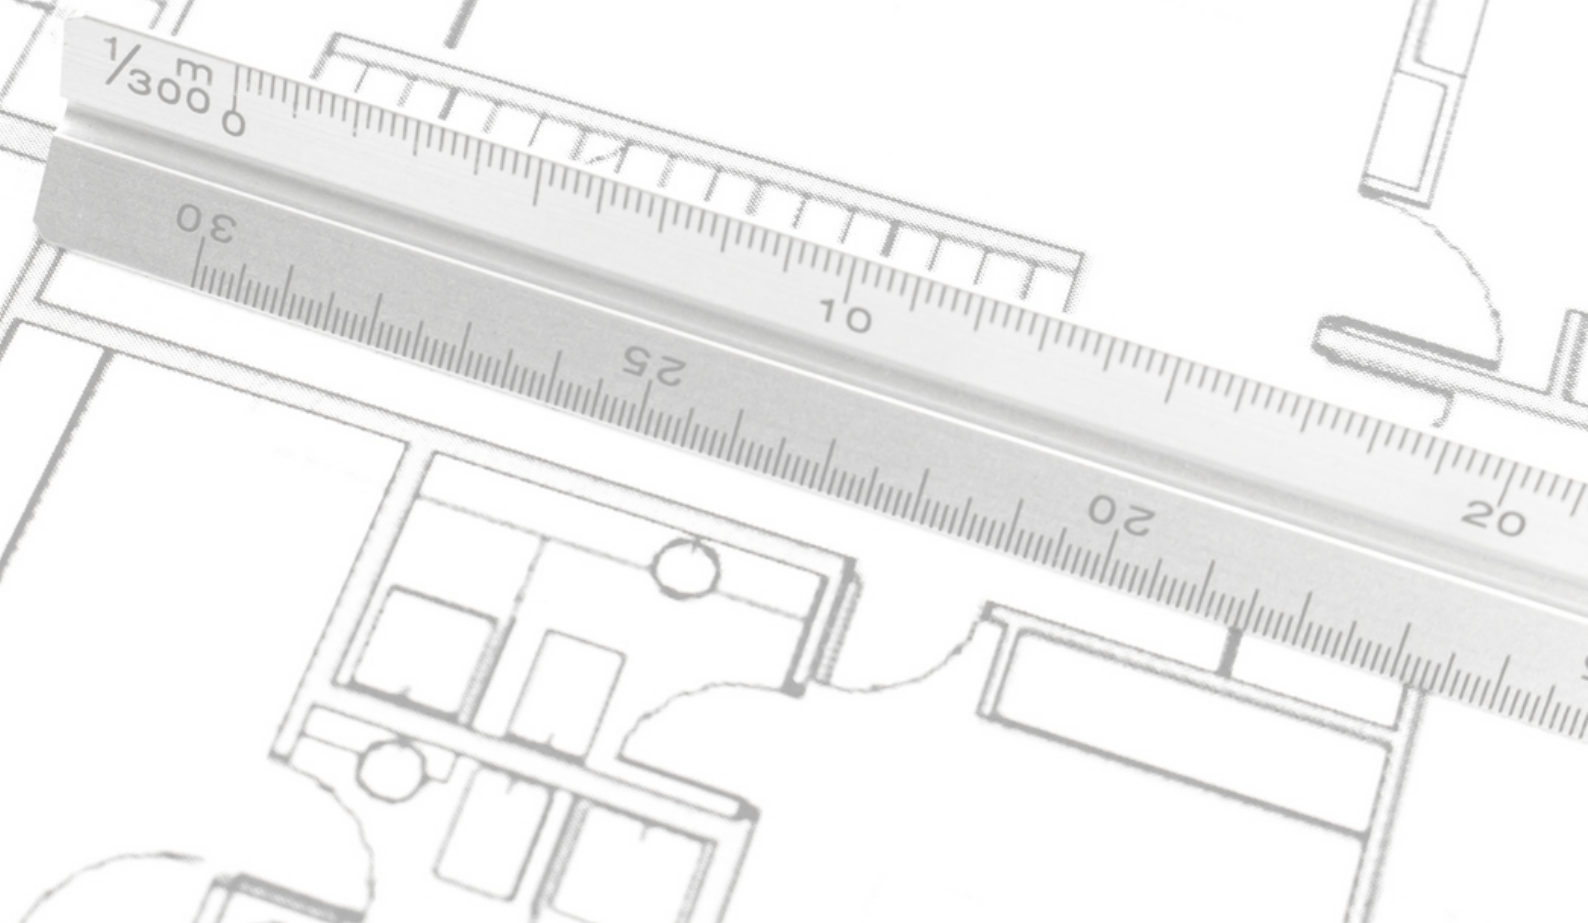

Precision screwdriver repair kit, 24-piece. Packed in a convenient magnetic ABS box with pressure-opening system.

Toolpen

Multifunctional pen with twist mechanism. Ruler, stylus, level and screwdriver. Black ink.

Aluminium triangular ruler

30cm triangular aluminum ruler. Scales 1: 20/1: 25/1: 50/1: 75/1: 100. Smooth surface for printing. Presented in an individual box.

Tape Measure

3-meter tape measure with metal blade and locking mechanism. With soft body in varied colors, coated with protective cover of sturdy rubber, metal clip for belt and carrying strap. With special punch for doming and presented in an individual box.

With Brake and Clip Included

Cutter

Stanley knife in combination of stainless steel and aluminum with wide blade and ergonomic, stamped handle. Removable cap for saw blade adjustment.

Magnetic carpenter pencil

The magnetic carpenter's pencil is a handy tool. Thanks to the magnet on the end of the pencil, the carpenter's pencil sticks to any metal surface, be it a workbench, ladder, toolbox, machinery, shelves and more! Another advantage: the pen holds nails and screws in place or helps get them out of tight spaces.

Folding ruler

Printed folding rulers are our specialty. Wood or plastic - different colors possible - with logo

Precision pressure pencil

With integrated sharpener for clear markings. The pencil can be easily replaced.

Level

Aluminum level measuring 49x21mm and weighing approximately 520 g/m. Unbreakable block vials with very high transparency and durability.

Characteristics:

Libel radius of 200 mm, resulting in a sensitivity of 10 mm/m.

Measurement tolerance in normal position ± 0.75 mm/m, in reversal measurement 1.0 mm/m.
The liquid in the ampoule is a thin, colored oil mixture in which the bubble can move optimally.

High resistance to UV light and temperature changes.

The liquid is antistatic so the bubble is not affected by static electricity.
